Education

Rochester Institute of Technology
Bachelor of Science In Game Design & Development

- Expected Graduation in May 2019
- GPA 3.32
- Minors in Business Administration, Criminal Justice, and Management

Projects

RIT Roller Hockey Website (RITRoller.com)

This project was a personal project to greaten the web presence of the RIT Roller Hockey Team. I managed the creation of the site using JIRA project tracking. It was written in HTML, CSS and JavaScript using the Materialize Framework. Working on in personal time, Team of 1, Projected 6 Month Project.

DRUG LORD$

DRUG LORD$ is a strategy board game for 2-4 players where players fight against each other to become the top dog in the city of Metro. I worked as the team lead for the project managing all team work through Trello in addition to working on the design document. Worked on for Class, Team of 5, 3 Month Project.

Whisp

Whisp is a 2D platformer video game that follows a spirit as it tries to collect orbs to gain new abilities. Helped implement a proprietary physics engine and orb abilities. It was written in C# using Visual Studio and MonoGame. Worked on for Class, Team of 4, 3 Month Project.

Skills

Languages
C#, C++, HTML, CSS, and JavaScript

Software
Microsoft Office, Google Suite, JIRA, Trello, Confluence, Visual Studio, Unity, MonoGame, Photoshop, Git, Slack, and Brackets

Miscellaneous
Scrum, Agile, and Windows Server

Experience

Sports Director, *WITR 89.7*
May 2016 – Present

I currently manage a department of 12 people, including broadcasters, show hosts and broadcast engineers, in order to broadcast RIT Hockey and other sports shows on the station WITR 89.7. Additionally, through this role I am the acting Network Director of the RIT Tigers Sports Network featured on WITR 89.7 and WHTK 1280. My responsibilities include but are not limited to scheduling broadcasters and engineers for each broadcast and planning each broadcast's content.

IT Specialist, *Main Line Accounting*
October 2012 – Present

I am the on call Network Administrator for Main Line Accounting in Wayne, PA. I set up the original network for their new offices from scratch including group policy, file server management and active directory user management.

Instructor, *iD Tech Camps*
September 2015 – Present

I taught groups of up to 8 kids with ages varying from 7 – 17 about game design and development. Additionally, I managed all their final projects over the course of each week and taught them important lessons about project management and scope.
